For Immediate Release

The International School of Choueifat – Cairo (ISC-Cairo) in Egypt recently marked the achievement of an important milestone in its history; it celebrated the 20th anniversary of its opening.

On December 12, 2014, ISC-Cairo invited 3,000 guests including alumni, students, staff, and their families for a full-day anniversary event packed with entertainment and fun activities. The celebration, which was held on the school campus, kicked off with a flag ceremony representing all of the nations at ISC-Cairo and was followed by a full program of music and performances. With students acting as the Master of Ceremony, the program included speeches from the ISC-Cairo school director, Ms. Danielle Richardson, and SABIS® Executive Regional Director, Mr. Salah Ayche. The program also included performances by the ISC-Cairo cheerleading teams, the folklore dancing group, and the Middle School choir. Rounding out the program was the formation of a human “20” on the school’s sports field, a live performance by the popular “Cairokee Band”, and a spectacular 20-minute fireworks display.

In his address to everyone gathered, SABIS® Executive Regional Director, Mr. Salah Ayche, praised both SABIS® Network Schools in Egypt – ISC-Cairo and ISC-City of 6 October – for their pursuit of excellence. “SABIS® Network schools in Egypt are committed to educating a generation of future leaders,” he said. “Today, we celebrate both the number of years ISC-Cairo has been in operation and its track record of success and achievement.”

By all accounts, the guests had a wonderful time. “Everything was just perfect... the shows, the activities, the variety of the food booths, the band.....everything! We are so proud to be part of this school community,” said one ISC-Cairo mother as she was offered a mini-cupcake from the 20-tier mini cupcake celebration cake on display.

Over its 20-year history, ISC-Cairo has built a solid track record of outstanding performance on external exams and graduated students who have gone on to study at some of the world’s best universities. A member of the global SABIS® Network, ISC-Cairo opened its doors in September 1995 to 290 students. The school currently enrolls over 2,000 students in Kindergarten through Grade 12. Along with The International School of Choueifat – City of 6 October, founded in 2003, SABIS® Network schools in Egypt educate over 5,000 students.
