For Immediate Release

For the fourth consecutive year, SABIS® Educational Services (SES) -- Lebanon employees participated in the Banque du Liban Beirut Marathon, a marathon that has experienced enormous growth since it was first started in 2003.

On Sunday, November 9, 2014, 73 SES employees from a wide range of departments including Communications, IT, Academic Development, and Creative Design brought along their friends and families and joined 37,153 runners from 94 countries in the *10K Run for Fun*. The SABIS® team wore SABIS® t-shirts, caps, and wristbands that were provided by SES.

Members of the SES Team at the Starting Line of the Beirut Marathon

The SES employees fared well at the finish line: Ryan Thomas, an English Subject Analyst, finished first with a time of 53 minutes and was enthusiastic about his performance. *"The Beirut Marathon 10K Fun Run was a blast. It was really exciting to feel the energy from all the other runners, volunteers, and supporters,"* he said. *"I can't wait to try to beat my time at next year's race."*

SES-Lebanon paid employees' registration fees to the Beirut Marathon Association, which, in turn, will distribute all profits to charities across Lebanon.

SABIS® Educational Services promotes a healthy lifestyle among its employees. SES employees benefit from on-site facilities such as a gym, free therapeutic massage sessions, and weekly Tae Bo classes, all in line with the organization's commitment to creating a healthy, happy, and friendly workspace.
