For Immediate Release

Two students studying at SABIS® member schools in the U.A.E. were among the select individuals to receive the **HH Sheikh Maktoum bin Mohammed bin Rashid Al Maktoum Outstanding Cambridge Achiever Awards** for their stellar performance on the 2013 Cambridge International General Certificate of Secondary Education (IGCSE) examinations. Imtiaz Shahin, a student at the International School of Choueifat-Abu Dhabi, and Imama Jawad from the International School of Choueifat-Khalifa City earned the highest marks in the whole of the U.A.E. on the IGCSE English Literature and IGCSE Computer Studies exams, respectively.

“Receiving an award for any student on the IGCSEs is very prestigious,” said Mr. Rami Malak, SABIS® Regional Academic Center Deputy Director. *“Attaining the highest mark in all of the U.A.E. is an outstanding accomplishment. Congratulations to the students for their achievement and to the SABIS® member schools that provided the academic support for them to reach their full potential.”*

Around the world, students from SABIS® member schools perform consistently well on IGCSEs and have a history of high achievement. At the end of the 2013 academic year, 1,604 students from 20 SABIS® member schools took a total of 4,203 IGCSE exams in 26 subjects. Ninety-one (91%) of the exams taken by students from SABIS® member schools earned the highest scores of A*-C, compared to a global average of 80% A*-C in the same subjects.

ISC-Abu Dhabi and ISC-Khalifa City are members of the global SABIS® School Network. Like all member schools, they implement the SABIS® Educational System, which includes a balanced, well-rounded, college-preparatory curriculum that emphasizes the core subjects of English, mathematics, and world languages and prepares students for success in an ever-changing world.

For more information about the SABIS® Educational System, visit www.sabis.net. For more information about ISC-Abu Dhabi and ISC-Khalifa City, visit www.iscad-sabis.net and www.iscadkc-sabis.net, respectively.
