Opening Doors

Over 1,200 students from SABIS® schools across the U.A.E. gathered at the SABIS® International School – Yas Island for the annual SABIS® U.A.E. University Fair.

This year's event, the largest to date, connected students and parents with more than 120 universities from around the world. Representatives from the U.S., Canada, the U.K., Europe, Asia, Australia, and the MENA region showcased academic programs, scholarship opportunities, and career pathways.

Students asked personalized questions, gained clarity on admissions processes, and discovered new possibilities for their future studies. Parents played an active role, too, learning how to guide their children as they plan their next steps after graduation.

Empowering Students to Take the Next Step

At SABIS®, education goes beyond academics. Through rigorous curricula, skill development, and career readiness, students gain the confidence to make informed choices about their futures.

The SABIS® U.A.E. University Fair is a cornerstone of that mission, bridging ambition and achievement by giving students direct access to global opportunities.

> "This is an extremely important milestone in our academic calendar; the earlier we get students exposed to opportunities for their tertiary education, the less pressure it is for the student and for their families"

Rami Malak, SABIS® Regional Director for Academic Operations – U.A.E. & Gulf

From Strength to Strength

Since its inception, the annual SABIS® U.A.E. University Fair has expanded in scale and impact. What began as a small initiative is now one of the most anticipated education events.

This year's edition built on last year's success, welcoming more students, more universities, and a broader global reach, a true reflection of SABIS®'s commitment to connecting students with top-tier higher education opportunities.

> SABIS® students are exceptionally well-prepared for higher education, and universities consistently recognize their strong academic foundation. The SABIS® U.A.E. University Fair plays an important role in connecting our students with leading academic institutions and educational entities from the U.A.E. and across the globe.

Fatima Mahfouz,
ISC-Khalifa City Deputy Director

Year after year, the SABIS® U.A.E. University Fair grows in scale, diversity, and impact, empowering students to explore their future with confidence.
